

## Car Rental Security Contacts

[www.carrentalsecurity.com](http://www.carrentalsecurity.com)

This list is divided into two sections; by company and state. The “company” list includes HQ information. The “state” list only includes field security contacts. Unless otherwise noted, all contacts are for corporate locations only but they should be able to provide contact information for licensee / franchise locations, if applicable. Most agencies have a “controlled” fleet which means that vehicles with out of state plates are likely on rent locally.

**Revised – 03/01/10**

Visit [www.carrentalsecurity.com](http://www.carrentalsecurity.com) for the most current contact list. Please note the footnote disclaimer.
